

Environment Superintendent

Who we are and what we do?

Steeped in history with an eye to the future, Perilya provide long-term career opportunities for our employees. Across our three Lead, Zinc and Silver mines, we work on challenges with the steady hand and historical knowledge of our local Broken Hill workforce, while simultaneously inviting, growing and developing experience that can only add to the success of individuals and the team as a whole.

“By approaching opportunities with a fresh set of eyes, using innovative approaches to tap into the rich seam of past knowledge, and introducing new practices and technologies, we believe that we can unlock the considerable latent value at Broken Hill.” – Paul Arndt, Managing Director and CEO

The opportunity

Leading a team of Environmental Advisors and reporting to the Manager Health, Safety, Environment and Training the purpose of the Environment Superintendent role is to develop, implement and maintain processes to ensure that the operations of Perilya Broken Hill comply with all environmental legislative requirements. In this key leadership role, the Environment Superintendent will be responsible for;

- Ensuring all corporate and statutory reports are completed in time
- Planned rehabilitation targets are carried out
- Processes are in place to assist operations achieve zero non-compliance to the requirements of relevant legislation
- Ensure that critical documents are tracked and renewal processes are completed in time to ensure continuity of compliance
- Current documents are available through the electronic information systems
- Information management processes comply with statutory needs
- Audits provide evidence of compliance and develop corrective action plans to address any issues
- Individual and team personal development goals for the team are achieved.

Why us?

We offer the benefits that you would expect from a leader in our field, including:

- Monday - Friday roster
- Full relocation
- Company housing
- Nominal amount for rent, pre-tax
- Power and water at a token amount
- Private health capped reimbursement
- Corporate gym and aquatic membership
- Novated vehicle lease

But what makes us different?

- **Our work.** We offer challenging work in mines that have existed for over 135 years, on one of the great ore deposits of the world.
- **Our loyalty.** We want you to reach your potential while contributing to ours. We will help you grow while we go on this journey together.

- **Our culture.** We are a diverse team, some with family backgrounds that can be traced back over 100 years working in these very mines. At the same time some of our team are experiencing their first time in the mining industry and underground and are hungry for shared knowledge and experience.
- **Our community.** Our town is built around the mines. This means that you have less than a 10-minute drive to work and can be home to relax and unwind at the end of your shift in no time at all. With a blend of mining history, renowned artists, a claim to being Australia's first Heritage Listed Town, art studios, cafes, pubs, sporting communities, gyms and numerous schools, Broken Hill is ideal for families, or for individuals looking to explore and experience life in an easy going, yet rich community. You definitely have a work life balance here.

What will you bring?

- Exceptional leadership and interpersonal skills
- Technical skills while being operationally minded
- Internal auditing experience
- Risk management procedure experience
- An understanding of regulatory information
- NGER and NPI reporting
- Environmental management
- Environmental monitoring
- Landscape processes, rehabilitation and site remediation
- Sound proficiency in the use of MS Suite (Outlook, Word & Excel)
- GIS software experience (preferred)
