

Geotechnical Engineer

Perilya Broken Hill Ltd is currently recruiting for a Geotechnical Engineer to join the Technical Services Department.

About us

Perilya Broken Hill Limited has been an integral part of the Broken Hill community since acquiring Pasminco Limited's Broken Hill operations in 2002.

On the Broken Hill "Line of Lode", Perilya currently operates 3, zinc-lead-silver mines in Broken Hill, the Potosi Mine, North Mine and Southern Operations, holds a number of exploration tenements and has development approval for an open pit mine, the Flying Doctor.

Perilya directly employs 440 workers and indirectly 200 full time equivalent contractors on its sites and provides ongoing work for a number of local, industry supporting, businesses. Perilya is a proud direct supporter and contributor to the Broken Hill area including health, school, and sporting communities.

The Role

Reporting to the Geotechnical Superintendent the purpose of the position is to provide safe, economic and practical geotechnical solutions that maintain and improve the integrity of underground and surface excavations within Perilya's mining leases.

Your key responsibilities will include, but not limited to:

- Analyse data, to ensure ground support quality meets the prescribed standards;
- Implement and adapt geotechnical plans to meet the Operational needs of the mining operation;
- Provide ground support designs and advice on the stability of mine designs based on empirical and numerical analysis;
- Analysis of micro seismic activity with respect to mining.

What you need to succeed

To be successful in this role you will hold a tertiary qualification in Mining Engineering or Geology, post graduate studies in Rock Mechanics will be advantageous. You will also have a minimum of two years experience in an underground geotechnical or rock engineering role and experience using geotechnical software and mine design packages.

What you get

This role offers you an opportunity to live in a residential town, home every night, with weekends off. An attractive remuneration package including base salary, superannuation, ADO's, company housing and private health cover. This role will be well suited to an individual looking for a hands-on role.

Take that next step...
