

## Longhole Driller

### Who we are and what we do?

Steeped in history with an eye to the future, Perilya provide long-term career opportunities for our employees. Across our three Lead, Zinc and Silver mines, we work on challenges with the steady hand and historical knowledge of our local Broken Hill workforce, while simultaneously inviting, growing and developing experience that can only add to the success of individuals and the team as a whole.

### The opportunity

We are seeking expressions of interest for an experienced Longhole Driller. Reporting to the Production Supervisor, the main responsibilities of this role include:

- Monitor drilling operations
- Drill or bore holes in rock for blasting
- Drilling of sandfill and miscellaneous holes
- Understand all aspects of drill plans and ensure the plans are progressing as required

### What you will bring

Drawing upon your proven experience in underground mining operations, you will be renowned for your strong focus and commitment to safety. You will be multi-skilled on underground diesel equipment, a self motivated worker and be able to work with minimum supervision. Other desired skills and experience include;

- Unrestricted manual driver licence
- Excellent communication skills
- Be a great team player in both small and large teams and you want the team to succeed
- An independence that allows you to complete tasks and achieve outcomes
- Proactively identify hazards and assess risks

### Take that next step

A career with Perilya is enhanced knowing that we value the hard work and diversity of our teams and we encourage applications that contribute to the continued growth and future of our workplace.

We have been mining this area for over 135 years. Make your mark. Be part of the future, while continuing to make history. To learn more about Perilya, visit [www.perilya.com.au](http://www.perilya.com.au)
