

Licensee: Perilya Broken Hill Limited
Environmental Protection Licenses: 2688 and 2683
Locations: Southern, Northern and Potosi Operations

Complaints

Perilya Broken Hill Limited (PBHL) received a total of three (1) complaints during November 2012 (Table 1). The complaints were in regards to truck noise and ground vibration caused by blasting and considered most likely to have arisen from works undertaken at the Southern Operation. The blast that resulted in public concern was within license conditions. PBHL is currently investigating the noise issues surrounding the Southern Operation
